

<b>CHALLENGE ROUTE</b>	<b>To Follow:</b> Route 9
Rapperswil	<b>Map:</b>
to Feldkirch	<b>GPS points:</b> 6.000 - 6.071
<b>DAY 08</b>	<b>Distance:</b> 96 KM
	<b>Watch out for:</b>

Lots of pleasant panoramic riding this morning. You'll be following Lake Zurich and then through some flatlands before meeting up with the Walensee.

At lunch we'll stop in the campgrounds on this lake in the town of Murg. You might consider bringing your swimsuit if the weather is warm because the water is crystal clear.

The towns on your route are nice, but sleepy and there aren't really any good places for a break until we reach the train station in Sargans . We'll regroup here and then follow a long flat bicycle path along the Rhine.

On the other side of the river is Liechtenstein and you'll eventually cross over and follow more important roads through the small country. At the end of our ride, we'll enter Austria and the town of Feldkirch just over the border. From here you are no longer on Route #9, but stick to the GPS and you will be fine.

Your hotel in Feldkirch is found on a cobblestone street lined with arcades. Feldkirch is a great city to wander through with lots of interesting and reasonably priced shops. If it's a market day, we'll make time tomorrow morning to visit.

This evening we'll be eating at an old hunting lodge above the hill overlooking the town.
